

This fall, we're making some changes to our pickleball drop in play registration process at West Hills. Starting October 1, we will be using Playtime Scheduler, an easy-to-use system for signing up for pickleball drop in play.

The goal is to improve communication with our members and ensure all courts are efficiently used. Additionally, by using Playtime Scheduler, we'll have access to everyone's email for notifications about cancellations, time changes, or other updates.

Playtime Scheduler is free and allows you to explore other pickleball courts around the city in addition to West Hills. Playtime Scheduler also allows you to see other players signed up and their skill levels.

We need everyone's email registered in the system by October 1 to ensure a smooth transition.

Here's how to set up your account:

1. Visit [playtimescheduler.com](https://www.playtimescheduler.com).
2. Click on "Register."
3. Select "Country: USA."
4. Select "State: Oregon."
5. Enter Zip Code: 97225.
6. Choose "Region: Portland."
7. Fill in your email and other details to complete registration.
8. Once your account is created, find the date you want to play.
9. Look for the light green dot representing West Hills.
10. Click the dot and register.
